Important Note**Please Read Carefully****Study Tips**

This product will provide you questions and answers along with carefully compiled and written by our experts. Try to understand the concepts behind the questions instead of cramming the questions.

Go through the entire document at least twice so that you make sure that you are not missing anything.

Latest Version

We are constantly reviewing our products. New material is added and old material is revised. Free updates are available for 90 days after the purchase. You should check your member zone at CramBible an update 3-4 days before the scheduled exam date.

Here is the procedure to get the latest version:

1. Go to www.CramBible.com
2. Click on Member zone/Log in
3. The latest versions of all purchased products are download from here. Just click the links.

For most updates, it is enough just to print the new questions at the end of the new version, not the whole document.

Feedback

Feedback on specific questions should be send to web@CramBible.com. You should state: Exam number and version, question number, and login ID.

Our experts will answer your mail promptly.

THE TOTAL NUMBER OF QUESTIONS IS 75**QUESTION NO:1**

Your customer purchases Microsoft Office Project 2003 under a volume license agreement. The customer does not have Microsoft Software Assurance. The customer installs 200 copies of Project 2007. You need to ensure that the customer is in compliance with software licensing. The solution must minimize costs. What should you do?

- A. Purchase Microsoft Software Assurance.
- B. Purchase 200 full packaged product (FPP) licenses for Microsoft Office Project 2007.
- C. Purchase 200 full packaged product (FPP) licenses for Microsoft Office Standard 2007.
- D. Purchase 200 Microsoft Office Project 2007 licenses through the customers volume licensing agreement.

ANSWER:D**QUESTION NO:2**

You collect the following information from a customer:

Volume license agreements

Hardware and software inventory procedures

You need to define the scope of a SAM program assessment for the customer. Which information should you use?

- A. physical asset locations
- B. preferred software vendor
- C. number of contract employees
- D. number of IT staff

ANSWER:A

QUESTION NO:3

Your customer performs a complete hardware inventory. The customer uses a SAM tool to collect software deployment data from all computers. You need to validate the accuracy of the data. What should you do?

- A. Compare the data against the license inventory.
- B. Compare the data against the original build inventory.
- C. Collect data from a random sample of computers. Compare sample results against the original build inventory.
- D. Collect data from a random sample of computers. Compare sample results against the software deployment data.

ANSWER:D

QUESTION NO:4

Your customers network contains a SAM tool. You use the SAM tool to generate reports. The customer installs both Microsoft Office Visio Standard and Microsoft Office Visio Professional. The customer only purchases licenses for Visio Professional. You need to create a report to reconcile the Visio licenses. Which report should you create?

- A. software deployments by edition
- B. software entitlements purchased by month
- C. software requests by employee
- D. software usage by server product

ANSWER:A

QUESTION NO:5

You plan to reconcile all licenses and ascertain their compliance status for a customer. The customer has competitive upgrade licenses. You collect the following information from the customer:

Hardware and software inventory All proof of licenses (POLs) You need to reconcile the inventory against the licenses. What should you do?

- A. Identify all software title versions and editions and then reconcile.
- B. Identify keywords from the hardware inventory and then reconcile.
- C. Compare the competitive software against the hardware inventory and then generate a report.
- D. Compare the inventory records for software titles against a license that has a corresponding name and then generate a report.

ANSWER:A

QUESTION NO:6

Your customer does not track any software licenses. You confirm that the customer is out of compliance with several vendor agreements. You need to implement a SAM program for the customer. What should you do first?

- A. Stop all software purchases.
- B. Purchase and implement a SAM tool.
- C. Convert product licenses to volume license agreements.
- D. Present the benefits of the SAM program to the customers executives.

ANSWER:D

QUESTION NO:7
